Canvas Groupwork, Collaboration and Conferences - Resource Guide

Recording: Canvas Groupwork, Collaboration and Conferences

This session will show you the different options available with using groups. You will learn how to create group sets and groups and enroll students and the options available. You will explore the features of the group home page and learn how to grade group activities. You will also learn how to use collaborations with both Google Docs/Drive and with wiki pages. You will also learn how to create and use conferences.

Conferences:
