WHAT TO EXPECT
WHEN LIBRARIANS ARE EMBEDDED IN YOUR ONLINE COURSE

Have you heard?
Northern Virginia Community College’s Extended Learning Institute (ELI) supports 60+ online courses & 300+ course sections with an embedded librarian.

WHAT DO EMBEDDED LIBRARIANS DO?
- Host "Ask Your Librarian" discussion forums within Blackboard courses.
- Create video tutorials demonstrating use of online resources.
- Teach live webinars for general and course-specific topics.
- Create course-specific online guides to reinforce important concepts.

SO BASICALLY, WE’VE GOT YOUR BACK:
- The embedded librarian is the online student’s secret weapon for research, citations, and online resources.
- Like an information ninja patiently waiting in the shadows, we spring into action at the first sign of student distress.
